

**Notice of Initiation of Sunset and Change Circumstances Reviews of the  
Anti-dumping Duties Imposed on Dumped Imports of Polyester Staple Fiber  
from the People's Republic of China**

The National Tariff Commission (the "Commission") received application under Section 58(3) of the Anti-Dumping Duty Act, 2015 (the "Act") on August 17, 2020 from M/s. ICI Pakistan Limited and M/s Ibrahim Fibers Limited (the "Applicants") for sunset review against anti-dumping duty levied on dumped imports of Polyester Staple Fiber (Not Exceeding 2.0 Denier & Excluding Colored Polyester Staple Fiber and Regenerated Polyester Staple Fiber) ("PSF") from China following the notice of impending expiry of definitive anti-dumping duty published in national press and official Gazette on July 01, 2020.

Subsequently, on August 24, 2020, the Commission received a representation of All Pakistan Textiles Mills Association ("APTMA") with the request to the Commission not to initiate the Sunset Review on the basis of change of circumstances including others.

On September 28, 2020, M/s Jiangyin Hailun Chemical Fiber Co., Limited ("Hailun") submitted an application for change circumstances review under Section 59(1) of the Act with the request to the Commission to re-determine the dumping margin of Hailun.

**Product under Review**

The product under review is Polyester Staple Fiber (Not Exceeding 2.0 Denier & Excluding Colored Polyester Staple Fiber and Regenerated Polyester Staple Fiber) originating in and/or exported from the People's Republic of China. It is classified under Pakistan Customs Tariff number. 5503.2010.

**Anti-dumping Duty in force**

The Commission imposed definitive anti-dumping duty @ 2.82 to 11.51 percent *ad val* on dumped imports of Polyester Staple Fiber imported from China w.e.f. October 03, 2015 for a period of five years.

**Initiation of Review**

The Commission has determined that there is *prima facie*:

- i. likelihood of continuation or recurrence of dumping of the product under review from China and material injury to the domestic industry and there are sufficient grounds to justify initiation of a sunset review under Section 58 of the Act;
- ii. need to re-determine the dumping margins of Chinese exporters/foreign producers of PSF on the basis of change of circumstances under Section 59 of the Act; and
- iii. need to further investigate the points raised by APTMA under Sections 58 and 59 of the Act.

Thus, the Commission hereby initiate reviews pursuant to Sections 58(3) and 59(1) of the Act to determine whether expiry of the anti-dumping duty imposed on dumped imports of Polyester Staple Fiber from China would likely to lead to continuation or recurrence of dumping and injury, and whether change of circumstances warrants continuation, removal or amendment of the anti-dumping duty.

**Period for the Review ("POR")**

The sunset and changed circumstances reviews would be conducted on the basis of information for the last three years i.e. from July 01, 2017 to June 30, 2020, whereas the POR for dumping determination would be from July 01, 2019 to June 30, 2020.

**Basis for Review:**

The applicants have alleged that if the anti-dumping duties are terminated on dumped import of PSF from China, there is likelihood that the exporters/producers will again start dumping into Pakistan. Pakistan's market is more attractive for the exporters/ producers of PSF from China, as its exports to other countries are also facing the anti-dumping duties. It is further stated that there is a need to continue the imposition of anti-dumping duties on dumped imports of PSF from China, otherwise there is likelihood of continuation or recurrence of dumping and injury to the domestic industry.

All the interested parties i.e. Applicants, exporter and the importers in their applications/ representations explained that there is a change of circumstances from the original investigation. Therefore, there is a need to re-determine dumping margin for the exporters/ foreign producers of PSF from China.

### **Continuation of Anti-dumping Duty**

In terms of Section 58(3) of the Act, the anti-dumping duty imposed on dumped imports of PSF from China will remain in-force pending the outcome of the review.
