**Notice of Conclusion of Second Sunset Review of Anti-Dumping Duty Imposed on Dumped Imports of Continuous Casting (Steel) Billets into Pakistan originating in and/or exported from the People's Republic of China**

The National Tariff Commission (the "Commission") under Section 58 of the Anti-Dumping Duties Act, 2015 (the "Act") and Chapter VI of Anti-Dumping Duties Rules, 2022 (the "Rules") has conducted a Sunset Review ("Review") of anti-dumping duty imposed on dumped imports of Continuous Casting (Steel) Billets ("CC Billets") from the People's Republic of China ("China"). The Sunset Review was initiated on June 20, 2025, upon receipt of an application under Section 58(3) of the Act filed by M/s. Amreli Steels Limited, Karachi, M/s. Mughal Iron & Steel Industries Limited, Lahore, and M/s. Frontier Foundry Steel Private Limited, Peshawar (the "Applicants"), who are domestic producers of CC Billets. The Commission had imposed anti-dumping duty @ 24.04 percent with effect from June 22, 2022, for a period of three years on CC Billets imported from China.

In accordance with provisions of the Act and the Rules, the Commission has conducted and concluded the Review as follows:

**Product under Review:** The product for which this review has been requested is Continuous Casting (Steel) Billets originating in and/or exported from China to Pakistan. It is a semi-finished product of iron and alloy & non-alloy steel. The said product is classified under Pakistan Customs Tariff ("PCT") Nos. 7207.1110, 7207.1190, 7207.1210, 7207.1290, 7207.1910, 7207.1920, 7207.1990, 7207.2010, 7207.2020, 7207.2090, 7224.1000, and 7224.9000. CC Billets are used by the re-rolling mills in production of Steel Bars, Wire Rods, Beams, Channels and T-iron etc.

**Period of Review (POR):** The Review has been conducted on the basis of data/information for three years i.e. from January 01, 2022, to December 31, 2024.

**Likelihood of Continuation of Dumping of Product Under Review from China:** Based on this review investigation, the Commission has determined that there is likelihood of recurrence and/or continuation of dumping of the product under review from China, if anti-dumping duty imposed on its dumped imports is terminated.

**Likely Continuation and Recurrence of Injury to the Domestic Industry:** Likelihood of continuation and/or recurrence of injury to the domestic industry has been determined by the Commission in accordance with Section 58(3) of the Act and Chapter VI of the Rules. The Commission has determined that, in case the anti-dumping duty imposed on dumped imports of the product under review from China is terminated, the domestic industry would be likely to suffer material injury on account of: increase in volume of dumped imports, price undercutting, price depression, price suppression, decline in production, capacity utilization, sales and market share; and negative effect on profits/profitability and productivity of the domestic industry.

**Continuation of Definitive Anti-dumping Duty:** In view of the determination of likely continuation of dumping of the product under review from China and likely injury to the domestic industry, there is a need to continue imposition of definitive anti-dumping duty on dumped imports of the product under

review from China. Thus, Commission has decided to continue anti-dumping duty @ 24.04 percent in *ad val* terms on dumped imports of CC Billets from China for a further period of **5 years** effective from **June 22, 2025**. However, in accordance with Section 51(ea) of the Act, definitive anti-dumping duty will not be levied on imports of the CC Billets that are used as inputs in products destined solely for exports or for use in the foreign grant-in-aid projects and are covered under any scheme exempting customs duties for exports or foreign grant-in-aid projects under the Customs Act, 1969 (IV of 1969).

Definitive anti-dumping duties levied would be in addition to other taxes and duties leviable on import of the product under review under any other law.

The definitive anti-dumping duty would be collected in the same manner as customs duty is collected under the Customs Act, 1969 (IV of 1969) and would be deposited in the National Tariff Commission's Non-lapsable PLD Account No. 187 maintained under Head G-11217, PLA with Federal Treasury Office Islamabad.

**Further Information:** A non-confidential version of the detailed report on the conclusion of this Review has been placed in a public file established and maintained by the Commission for this Review. The report has also been posted on the Commission's website: [www.ntc.gov.pk](http://www.ntc.gov.pk). The public file is available to the interested parties, registered with the Commission for the purposes of this Review, for review and copying at the offices of the Commission, from Monday to Thursday (except public holidays) between 11:00 hrs. to 13:00 hrs.

By order of the Commission.
